Product Code: 94-108H
Availability: 7 Days
Weight: 10.00kg
Dimensions: 50.00cm x 45.00cm x
30.00cm

Price: \$5,900.00

Short Description

Using Jenvey's Heritage series DCOE throttle bodies, this ITB kit combines great performance with classic side draught looks.

Kit comes with injectors, velocity stacks and throttle position sensor.

Can be supplied with either 9 or 12 port bolt pattern.

Description

Suits all Holden Blue and Black 6 cylinder engines with either the 9 or 12 port head. Or Red motors that have been retrofitted with the 12 port head. Comes with 45mm Heritage series throttle bodies which are capable of supporting nearly 400HP. 48mm can be ordered at no extra cost, which will raise the limit to approx 450HP.

Kit Contents

- TDT45 DCOE Triple Set throttle bodies
- 40mm long air horns
- Fuel rails with -6JIC fittings.
- Linkages
- Bosch EV14 347cc Fuel Injectors

- Contactless Throttle Position Sensor hidden in the fuel bowl.
