

# Bosch 3 channel Ignition module BIM203

**Brand:** Bosch Motorsport

**Product Code:** BOS0227100203

**Availability:** 7 Days

**Weight:** 0.10kg

**Dimensions:** 10.00cm x 5.00cm x 2.00cm

**Price: \$367.50**

## Short Description

Three Channel power transistor module that works well with our BAE series ignition coils

## Description

This module is an external ignition power stage capable of supplying up to four non-transistorized ignition coils. The IM input signal should be supplied by an ECU with ignition signal outputs in the range of 10 to 20 mA, e.g. MS 4 Sport. The IM unit combines the robustness of a high quality production part with good electrical performance to provide an ideal solution for adapting non-transistorized coils to an ECU without internal ignition driver stages.

## Specifications

- 3 Channel power transistor module
- 7-pin Jetronic connector
- Use mating connector kit AMP827580-1
- OE quality and performance
